To the small end of this stick fas'en of cardward, and using the coin you desire. Piece of stout string about two set long, and at the other end of the string tie a knot.

to send put it down on the card and drawing To shoot the dart hold it with the left hand Place the coin in the circle and adjust a near the toil or your end, holding the while lengthwise and a crosswise strip of paper in the right. Throw the tring over the dark loops; the back is en-V and drawn to a point; over it at both ides, as shown in the flagre and draw it through the notch until it ca cast puffed sleeves with ruffles held by a band of No. 1, pasting the ends of the strips to the on the knot. Then, with a rapid upward moblack ribbon. Two and a half yards of lace cardboard. If desired you may accure the tion switch the whip into the air, letting for the dark at the same time. The dark will leave the string and soar high into the air. The lighter the dart is made and the more syrings the whip the higher the minie-dark Be correct in your aim and you may learn to hit the mark as well as did the old-

A Long Laugh Indeed.

In the square, curious and antique penuant, we find little stars, squares and circles of court plaster to emphasize a dimple or an out as many circles as there are pieces of they'd reach across the United States.

And then if they counted one, two, the court plaster is the court plaster. They'd reach across the United States.

And then if they counted one, two, the court plaster is the court plaster. If you want to send more than one coin cut Should stand in a line with their tooks and

And then if they counted one, two, three. And laughed-what a long, long laugh 'twould
